Call Reporting & Analysis

Reduce Costs

See an immediate reduction of up to 15% in call costs and drive continuing improvements in costs.

Retain Customers

Impress callers by answering their calls quickly and handling their calls effectively.

Increase Sales

Ensure increased levels of telesales activity are being made to drive new sales.

Improve Performance

Work with staff to develop their telephone and telesales techniques.

Detect Fraud

Identify potential telephone fraud early and avoid huge expense.

Work smarter

Reveal new opportunities to improve the way you do business.

ReportX is an advanced call reporting solution for businesses of any size which includes both call logging and intelligent wallboard display.

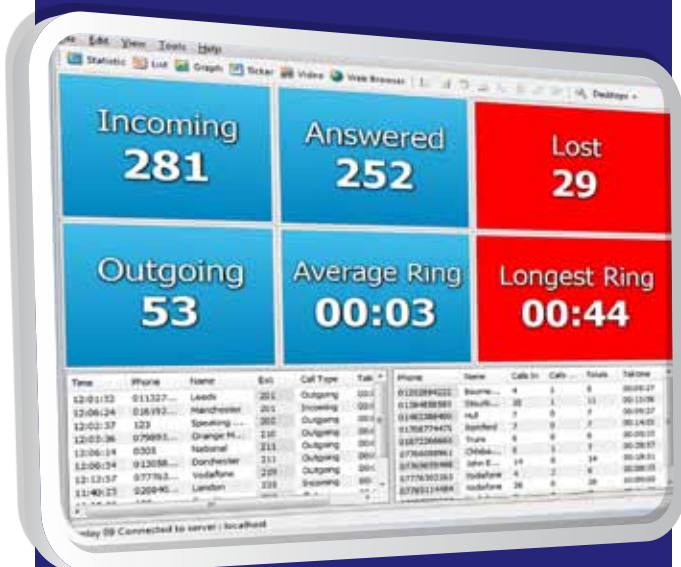

ReportX is designed to manage and improve the use of telecommunications throughout your business by delivering a wide and flexible range of reports that show you exactly what is going on in a format that is easy to understand and tailored to your business.

By introducing ReportX, immediate cost savings of up to 15% on calls can be realised as well as the associated savings in staff time on those calls. As a result, ReportX can pay for itself within three months.

ReportX will quickly highlight further immediate savings that can be made by terminating unused lines, redeploying unused extensions, identifying and eliminating unnecessary and unauthorised private calls.

ReportX can increase customer satisfaction by helping you ensure that all calls are answered quickly and directed to the correct department first time.

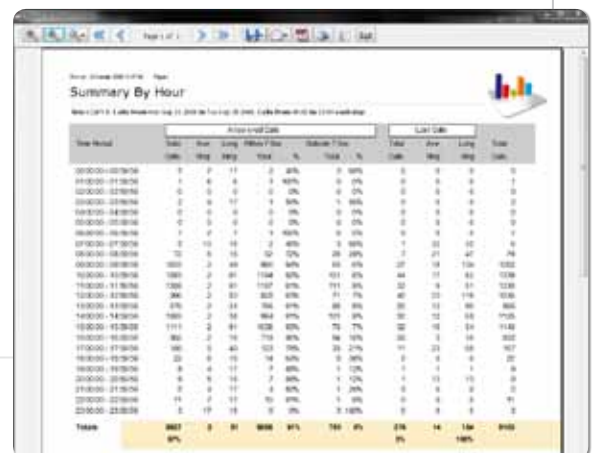

ReportX can help increase sales by ensuring that telesales activity is as effective as possible. More calls can mean more business opportunities and better customer satisfaction.

DisplayX wallboard showing call logging statistics.

Reports Preview

Preview reports on-screen, print, save as PDF or export as CSV. A full range of customisable reports for cost control, response management, traffic analysis, account code billing and much more is included as standard.
